Assessor Comments	Opportunity to purchase a one mark line of PTIC heifers. 100% PTIC (ultrasound scanned) in calf to low birthweight black Angus bulls from Clover Ridge. Predominately straight red heifers with some having white on their underline. Heifers have gone ahead well on the good feed and shown plenty of growth and weight gain since purchasing. The majority still have a winter coat and are starting to clean up with a few of the cross bred's cleaner coated already. Young future breeders with plenty of years ahead of them. Please note there were 13 heifers that were scanned and only just detectable pregnant whilst the balance were further advanced. 2 heifers with blue scarring on eyes.
