|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Assessor Comments | Buyers 6 Good Quality Charbray Cross heifers Preg tested in calf to a Good Quality Angus Bull. Heifers were vet preg tested in calf by the bell veterinary practice on the 10/09/26 and determined 5 months to 7 months in calf. Theses heifers are lovely and quiet and a pleasure to handle. A regretful sale as vendor going in a different direction in her cattle operation. Please note there are 15 Angus and Angus Cross PTIC Heifers in same sale. |
