	Cows were an absolute pleasure to handle throughout assessment process. Cows flowed well through yards and race with only odd cows slightly stirring while being mouthed. However once released into bigger yard cows were very settled. Vendor has always culled on temperament which is very evident when handling these cows. Vendor has done a great job educating these cows.		
Handled With	Bikes		
Notable Traits	Traits 1 Head White udder		
Assessor Comments	A good quality line of Angus x Angus Cows & Calves. Cows have been good honest breeders for the vendor and are unfortunately only for sale due to ongoing dry seasonal conditions in the area. Cows have been running on lighter granite country so should perform well given the chance on better feed. Cows would be a great asset to any breeder herd and would suit any potential buyers either bigger landholders or smaller acreage holders as cows are a pleasure to handle. Please note vendor has another lot in same sale.
