	Cows were easily handled at assessment. It wasn't until the cows were weighed and mouthed that a couple became slightly stirry and 1 took a little longer to quieten down. It was also their first time drafted off their calves. Nothing aggressive and I would back in the energetic one to settle down with time.

Assessor Comments	Presented is a line of mixed age Angus cows and calves. Cows are doing a good job on their calves at foot and are still maintaining their condition very well. These cows are on offer to make room for more cattle and provide a good trade opportunity for anyone with excess feed. All cows were mouthed and they have plenty of life in them to fatten for a split job. Calves have spring in their step and had a 5in1 at assessment. For any further information please call.
