Assessor Comments	An excellent quality line of Heifers & Calves that are an extremely regretful sale due to the tough season on the Monaro. They are vendor bred with foundation females sourced from renowned Team Te Mania herds "Boona" & "Coomete" and Braddock herd (Hazledean blood) at Braidwood. The calves are sired by Thomsons Angus bulls, with sires selected on being low birth, high growth and high on the Angus Index (see attached sire links). They were an absolute pleasure to handle throughout the assessment process, all being assessed as quiet/ docile. Calves are unmarked, vendor happy to mark calves prior to delivery at buyers request. These heifers & calves have plenty of breeding behind them and would be a great asset to any Angus herd.
