	Quiet: 34 head		Quiet: 34 head	Quiet: 34 head
Handled With	Lovely heifers to handle were quiet and sensible to draft. Calves were quiet also. Bikes , Vehicles			
Assessor Comments	Amaroo offers a real quality line of 34 Angus heifers and calves. These young breeders are backed by quality genetics of Hazeldean and Booambee blood. They display plenty of depth and softness and are good milky heifers. They were purchased as 1 line on A+ in autumn as PTIC heifers, vendor bred by Nowendoc Run hand picked out as being some of the best on the market at the time. Having depth of breeding, temperament, weight and frame to make outstanding breeders. Considering these heifers are only just rising 2yrs and have calved and already 500kg. Heifers have had all their health treatments, pestiguard, drench, vaccine. All calves are also sired by Hazeldean and Booambee bulls and have been marked, vaccinated and tagged to correspond with dam. Both heifers and calves were very good to handle throughout the process. Heifers were held back on short feed till they calved and now have been put on abundant crop and are bounding away. Top quality outfits that will not dissappoint. Heifers were all to calve in a tight 6 wk joining and these are all that calved in first 4weeks. So vendor will have another run of same heifers offered for sale in 3 weeks. Note vendor does have another 25 similar bred heifers in todays sale that make a neat 4 decks. But if only wanting 1 line this 34 are the pick!			
Assessor	Nathan Everingham (Level 1 Accredited)			
Delivery Period	19/09/2026 to 25/09/2026 (7 days)
