| Assessor Comments      | 19 x 19 Vendor bred store cows and calves. Cows are from 3-6 years old with calves at foot that average 93kg. Calves had a 5 in 1 at assessment and a portion of the calves have been marked. These units would suit someone looking for a young Speckle Park breeder herd or would also be ideal to fatten and split.                                                                         |                                           |                                     |
