Assessor Comments	These PTIC heifers are of quality Mureduke & Kelly Angus bloodlines. They are joined to selected Rennylea & Jade Park Angus bulls for a tight 42 day joining. At the time of Preg testing they were 2.5 - 4 months in calf. One heifer noted with slight Pink eye scaring- not considered detrimental. Certainly a very attractive line of quality females to place in any herd. N.B This vendor has another line of PTIC Angus heifers in this sale
