Assessor Comments	Due to a failing season here in East Gippsland the vendors have decided to offer these 29 cows that present in forward condition with 29 Angus sired well grown calves at foot that have been marked and vaccinated that also present in fresh forward condition, The cows are up to date with vaccinations, Ideal opportunity to purchase a genuine 3 for 1 outfit and take advantage of the forthcoming spring to finish these calves off, The vendors have historically been hard at culling with no second chance for empty cows and any foot or structural issues also removed from the herd,
