Assessor Comments	13 x 13 NSM, Vendor-bred Angus x Angus/Hereford and Angus x Shorthorn heifers and calves. The heifers are August/September 2024 drop and are sired by Battersby R80 and Leawood S117 stud Angus bulls. They have August/September-drop calves at foot, sired by the Battersby stud bull V47. These are ideal young breeders that would make an excellent addition to a potential purchaser's breeding program, with all the hard work already done. M & M Cattle Co. have been breeding cattle for 14 years, with the cow herd always based on top genetics, while focusing on quiet temperament, structural soundness and good doing ability. They are a credit to the vendor and come with the highest recommendation, with an excellent reputation throughout South Gippsland.
