Heifers were good to handle throughout assessment, drafted off their calves sensibly displaying a good block. The yards were an older style set up, which made some operations a bit more complicated. I.e - No race, cattle go direct from force yard into crush. This did see a couple of heifers bawk at the crush and have to have more pressure applied to step in to the crush. 2 Heifers listed above as slightly stirry. All settled well in the holding paddock for photos/videos.

Assessor Comments	Nice line of young Angus Heifers, doing an excellent job with their young calves. Heifers are in healthy store condition and keeping up well with the new demands of motherhood, all carrying a good bag of milk and presenting in a healthy fat score. Heifers are pure Booroomooka Angus Blood, purchased out of Innes, with pure Booroomooka blood calves at foot. Heifers are starting to show signs of cycling and will be ready to put out with the bull of your choice on delivery. Note. Vendor has 4 lots total in sale, only drafted in to smaller lines to give all buyers an opportunity.
