Assessor Comments	Opportunity presents for buyer wanting to trade or join young to middle age cows that are proven breeders. The cows are doing a fantastic job on the calves at foot, given the deteriorating season at present. The calves are predominately sired by a Registered Black Simmental Woonallee sire and a homebred Woonallee/Tennysonvale Black Simmental sire, with a small percentage by a traditional simmental sire and display good shape and type true of the sires. The cows are medium to large frame with plenty of breeding behind them given there weight and condition. The cows are very good to handle with temperament a key feature in the vendors management and practices. Cows are due for 7-1 booster at marking.
