Assessor Comments	On offer is 32 quality Angus Heifers. Heifers are vendor bred, 12-13 months old and represent the complete drop. Heifers have good bone and shape to be able to pack on the weight if given the opportunity. They were in containment feeding from weaning until 2 months ago due to seasonal conditions which has meant they have kept going forward without getting a setback. Ideal heifers to take home and join to the bulls of your choice. At assessment heifers had a weight range of 323-464kg to avg 380.7kg. Quality young heifers you can buy with confidence.
