			Paddock
	The Alloura cattle are especially quiet and these heifers are no exception. A lot of time and effort has gone into their handling, with all cattle yard weaned and all mustering, cattle yardings and health treatments conducted with low stress stock handling techniques. Cattle are periodically culled on temperament resulting in respectful well-educated cows.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	On offer are 9 excellent quality registered Alloura Angus females. All heifers' pedigrees and individual joining details are attached to the assessment. These 2-year-olds are PTIC to low birthweight, high calving ease, high performance, high \$ index Alloura bulls to commence calving on the 13th of April for a tight 16-day window. Alloura Angus Stud operates an elite breeding program with strong selection pressure on cow performance focusing on calving ease, fertility, body condition, structural soundness and premium carcass genetics including superior marbling. Joining bulls are selected to optimise genetic gain, with balanced, high \$ index EBVs. This is a wonderful opportunity to purchase top class Angus females carrying exclusive genetics, terrific phenotype, with exceptional structure and temperament. Please note that we are offering another 5 lots of PTIC females in the same sale. Lots are in age groups and then drafted into calving windows.
