	Cows and calves were quiet and handled well during the yarding, drafting and weighing process. The cows drafted off the calves with ease and happily rejoined after weighing with no worries			
Handled With	Bikes , On foot , Vehicles			
Assessor Comments	Due to a change of calving operation and being surplus to requirements, vendor is offering a draft of 9 x 9 cows with young calves at foot. 5 of the cows are vendor bred and 4 have been purchased with all females showing great motherly tendencies and doing a fantastic job with their little joeys at foot. The cows are a Te Mania blood infused herd with all the calves being AI'd with Chiltern Park Moe bloodlines. The last season calves from these mothers were sold weighing a fantastic average of 401kgs at just 10 months old showing great breeding and doing ability of the cattle. Buyers please note there are 5 Angus cows, 3 Angus/Hereford cows and 1 Angus/Friesian cow. Please see photos for full satisfaction
