Assessor Comments	**Quality Young Angus Females** Opportunity to purchase HBR & APR Angus Breeders. 10 Angus females Aug/Sept 2023 and 2024 drop. PTIC to calve in the autumn to selected Lawsons bulls. King Isle Farms operates as a Co Operator herd for Lawsons Angus hence females are registered under 'VLY' prefix and all offspring are fully registrable. See Documents for full list of Ebvs. They are very consistent for type and display excellent shape and muscle for females. They are classed in breeders only being sold due to final stage of dispersal of the mainland herd. Nine of these females reared a calf as a heifer and didnt get back in calf for this spring due to tight season. Hence were given a second chance and all conceived for this autumn. One is a first calver (branded "V") Note: See video
