Assessor Comments	An excellent opportunity to secure a neat line of cows and calves to split or retain. 58 Angus/Droughtmaster cross cows with Angus calves at foot. Purchased out of the New England in July 2026 as PTIC, these cows were aged between 3 and 8 years at the time of purchase. The line comprises 57 calves at foot, including one set of twins, with two cows still to calve. These two cows will be monitored and Fit to Load guidelines will be strictly followed. The cows arrived to vendors property in light store condition and have done extremely well prior to calving and now putting all into the calves at foot. There are approx. 14 Angus x Angus Cows that are on 2nd calf. The calves will be delivered unmarked, with the cows also unjoined allowing buyer to use bulls of choice.
