Quiet: 14 head	Quiet: 13 head Slightly Stirry: 1 head	Temperament not assessed in Paddock

Cows were well behaved throughout assessment. All handled well to draft off calves. Led up the race well, and were all very good in the crush. 4 were brought around a second time to mouth once scales were removed, they were a bit more reluctant to go up the race a second time, but all stood very well, and exited at a walk after mouthing. Very good in the holding paddock for photos/videos. Sensible to approach on foot and easy to block up.

Handled With	On foot , Vehicles

Notable Traits

	Traits
1 Head	Old Blue Eye
1 Head	Small scar between flank & hip (old gate latch injury?)
7 Head	White Splash on flank

Assessor Comments	Very nice line of young cows & calves that present a number of opportunities for the prospective buyer. Real ‘true to type’ Hazeldean Cows, being big, long powerful girls, that carry plenty of weight without being overdone, and in the prime of their life with only their fourth & fifth calves at foot. A very nice line of cows that would be good to put away and rejoin, but given the current climate, present a very enticing split opportunity, with a 700kg+ Cow, and the bonus of 71% Bull calves at foot. Buyers please Note. The first few Cows to drop a calf were given a tag, calves were marked, and moved to different paddock for ease of management, hence the few already marked calves and the few blue tags in the mob.
