	Traits
1 Head	white udder cow

Assessor Comments	A high quality line of 3 and 4 year old Angus cows all 2nd calvers. This is a genuine dispersal of this age cows and calves off this property none of this age cows retained, Cows have been classed and anything not suitable was removed prior to calving. Cows are vendor bred out of a self replacing cow herd based on Eaglehawk bloodlines, Cows have been rejoined to Eaglehawk bulls since 4/10. Cows are in a healthy forward store condition and have good sappy calves at foot. A good opportunity to secure a line of young cows with their whole life ahead of them. GIven the right opportunity cows will grow into large frame matrons for the future
