| Assessor Comments | Excellent Quality Angus cows, PTIC to the Bluestone Black Composite bulls, to calve over a tight 6 week period commencing early March. Cows are in prime condition as they have had the luxury of an oat crop over the winter. Cows were mainly purchased as 1 line last year and are only being sold to move over to a spring calving. Small % of Cows look to have a small splash of Santa in genetics but still classed as Angus. vendor has approx 500 in same sale , sold as run out the gate in B- double and Double lots. |
