Assessor Comments	Quality Angus cows, PTIC to the Crawford Angus bulls, to calve over a tight 6 week period commencing early March. Cows are in prime condition as they have had the luxury of an oat crop over the winter. Cows were mainly purchased as 1 line last year and are only being sold to move over to a spring calving. Small % of cows look to have a small splash of Santa in genetics but still classed as Angus. Vendor has approx 500 in same sale, sold as a run out the gate in B - double and Double lots.
