These cows were a pleasure to work with in the yards and are quiet and good to handle. Two cows became nervous when in crush.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	An outstanding line of 39 x PTIC 2-10 year old, Shorthorn X Shorthorn cows. PTIC to 'Weebollabolla' Shorthorn bull to start calving from December through to February. These cows are the product of 50 years of 'Webollabolla' blood through the Stuckey family's original herd. This is the dispersal of the Corella summer calvers. The Stuckey's have classed hard for years on wide pins, good milk and square utters, hoof structure, calving ease and fertility. This is a good opportunity to purchase cows with a mile of breeding behind them that come highly recommended.
