Assessor Comments

24 x 24 outstanding quality cows and calves. Cows present in forward to prime condition and are putting plenty into their 2-4 month old calves. Purchased in utero from NVLX feature female sale from the renowned operation of "Charlock" from Charleroi, these females have grown into top end productive mothers in the prime of their lives. With their second calf at foot and currently running back to Fernhill V266, these front paddock units would make a great addition to any herd. Buyer note: Fernhill V266 also available for purchase by successful buyer. 1 calf treated for pinkeye at assessment
