Assessor Comments	On account of P & N Nugent, Lighthouse Farming, a exceptional line of 60 Merridale-blood Angus AI PTIC heifers. These females represent the vendor's annual draft of autumn-drop heifers and are ideally suited to replacement breeding programs. The Merridale breeding is evident in these long, stretchy females, displaying sound structure, good bone and ideal feminine traits. During assessment, the heifers were drafted and handled through the yards with ease, displaying a quiet and manageable temperament. Confirmed in calf to AI to top-quality Merridale Angus sires, with calving commencing from 5 February 2027 over a tight four-week period. These lifetime-traceable females were carefully selected from highly regarded Upper Murray Angus breeders. Individual pregnancy status, foetal age, AI sire details, identification, weights and full animal-health records are available. These are immune ready prepared by the vendor and all boxes are ticked
