Assessor Comments: Barry King T/As Bardon Park is offering a tremendous opportunity for a successful purchaser to acquire some exceptionally well bred females that are jam packed full of top end genetics. These animals were purchased from the well renown Banquet Angus Stud during their Feature Female sale which is held annually at their Mortlake property. Bardon Park purchased these astute females as PTIC Heifers & have retained them ever since within their herd. Joined to an $20,000 Sire purchased directly from Banquet Angus gives a prospective buyer the up most confidence of purchasing quality. If you are looking for docile animals, phenotype & strong genetic roots to start a breeding herd or to even replace recent PTE animals, than look no further! This particular draft represents a rising 4 year old female that is PTIC for their third calf.
