Assessor Comments
Barry King T/As Bardon Park is offering a tremendous opportunity for a successful purchaser to acquire some exceptionally well bred females that are jam packed full of top end genetics. These animals were purchased as PTIC Heifers from Glendaloch Farms, Yea District & have being retained within the core breeding herd for many years. Currently just gone eight years of age & still showing extremely strong structural features with being PTIC for their seventh calf. Please note these animals were not mouthed during assessment.
