Assessor Comments	A quality line of NSM Angus cross cows and calves, offering excellent breeding potential. These cows were purchased several years ago and have proven to be great matrons, consistently raising excellent progeny. They possess plenty of frame, excellent temperaments and would be a valuable addition to any breeding operation. The calves at foot are sired by Talooby Angus bulls and are all unmarked. A sample of the calves was weighed, averaging 90kg, with weights ranging from 48kg to 160kg. A genuine opportunity to secure a quality line of proven breeding females with calves at foot. Please call for further information.
