Assessor Comments	A quality line of predominantly Brangus cows & calves that present in good strong store condition. These cows have been bred on undulating hill country & have produced some of the regions leading crossbred weaners to be sold at the annual Stanthorpe weaner sales in the last 4/5 years . These cows are doing a great job on their calves & provide a great opportunity for any Graziers with surplus feed to either trade or utilise the Gunnadoo Park Brangus genetics for future breeding purposes. Please note only 3 of the cows were mouthed with a year brand 7 with 2 found to be missing a tooth .
