Assessor Comments	On offer is a top quality line of 2021 drop Angus NSM cows with August/September drop calves at foot. The calves at foot are by top quality Millah Murrah sires (please refer to sire ID's), two cows have AI calves at foot sired by Millah Murrah Trigger (NMM22T308). Purchased from the Rosemount Pastoral herd with the females originally being purchased out of the CTLX Carcoar Blue Ribbon Weaner sales as heifers with on the tops of lines being purchased and being selected for type, breeding and temperament. These quality females show great length and depth of body and have not had a chance to a bull so are ready to take home and join to the sire of your choice. These cows are doing an outstanding job on their very well bred calves at foot that are averaging 160kg and consisting of 10 Heifers and 9 Bull Calves (not yet marked). Please note one cow with white patch on offside. These are top quality units that I believe will be an asset to any breeding program with the cows being in the prime of their breeding window.
