| Assessor Comments      | 3 APR Registered Angus Bulls offering strong, proven genetics. V45 and V61 are AI-bred by leading US sires LT Converse and Yon Saluda, while V80 is sired by a son of Baldrige Compass. The dams are predominantly of Rennylea breeding, providing a strong foundation of established Angus genetics. EBVs are attached for further genetic assessment. All three bulls successfully passed a veterinary breeding soundness examination, crush-side semen test and semen morphology assessment as 15-month-olds. Vaccinations are fully up to date, including Vibriosis and Pestivirus. |                |                |
