Assessor Comments	3 Commercial Angus Bulls, 100% AI-bred and sired by leading US maternal sire LT Converse. The bulls are out of the vendor's leading commercial Angus cows, which are also AI-bred, providing a strong maternal foundation. All bulls have received a comprehensive vaccination program, including Vibriosis and Pestivirus. Each bull successfully passed a veterinary breeding soundness examination, crush-side semen test and semen morphology assessment as a 15-month-old. Well-bred, sound young bulls that are ready to go straight to work.
