Assessor Comments	Weaned steers that show freshness and good growth for age. These steers have had access to an Opti weigh unit and have been putting on 1.5kg a day on pasture alone. All steers are individually weighed 300kg plus after a 6-hour curfew. Please note the under 300kg are in the same sale if you wish to top the load up. Steers are on agistment at Cootamundra after being bred in the southern highlands and tablelands. Very nice cattle that will preform going forward with the data to back it up. Please Note video is entire mob of steers leaving the yards. The light steers and Grey calf are not in the sale
