Assessor Comments	Weaned steers that show freshness and good growth for age. These steers have had access to an Opti weigh unit and have been putting on 1.5kg a day on pasture alone. All steers are individually weighed 225-300kg after a 6-hour curfew. Please note above 300kg are in the same sale. Steers are on agistment at Cootamundra after being bred in the southern highlands and tablelands. Very nice cattle that will preform going forward with the data to back it up. Please Note video is entire mob of steers leaving the yards. The 8 for sale have Pink Paint on back
