Assessor Comments	Weaned Heifers that show freshness and good growth for age, being well bred for future options. These Heifers have had access to an Opti weigh unit and have been putting on 1.5kg a day (mob average) on pasture alone. All Heifers are individually weighed 300kg plus after a 6-hour curfew. Please note the under 300kg are in the same sale if you wish to top the load up. Heifers are on agistment at Cootamundra after being bred in the southern highlands and tablelands. Very nice cattle that will perform going forward with the data to back it up. Please Note video is entire mob of heifers leaving the yards. The Pink paint is not included in this sale
