Assessor Comments	A lovely line of 50 x Sep/ Oct 2025 Drop Landfall & Bongongo Blood Angus Steers. The steers present well as a group and represent the lead of the Bukalong 2025 drop, a tail was removed at assessment. The steers handle well and exhibit sound temperament typical of well educated weaners. Born on the vendors property at Delegate, the steers have been running on grazing wheat at Bungendore since the start of May. Currently gaining between 1.1 to 1.4kg/ day the steers are perfectly set up to continue weight gain into the spring to reach feedlot entry later in the year.
