easy moving. All led up the race and were sensible on the scales, a few that were a bit unsettled on the scales, some stomping and rocking, listed above as slightly stirry. Vast majority of steers all left the crush at a walk and wandered back to the mob.

Assessor Comments

Very very good line of steers to take on! The Ross & Spurgeon family have once again produced an outstanding line of weaners for your competition. Excellent weight for age, and all flying ahead on quality pastures. These are Upper Murray bred calves of renowned quality that have been repeatedly purchased by repeat & in-house clients for both the feeder & export markets for many years (One of the late, great Lang Peterkin's favourite lines of steers to fatten!). Cattle with plenty of stand up & frame, notably long, with good depth and bone, and very good skin. Steers that come with the confidence of a reputation for performing in any chosen market and always proving a very good investment. Buyers please Note. Vendor has another 45 of the lighter brothers in the same sale. Note - delivery details.
