Assessor Comments	On offer is a quality line of breeder steers that were weighed from 321-399kgs LW. These steers are pure Bongongo blood, 11-12 months of age and have been properly yard weaned. Vendors cattle have always been excellent performers and have a very good reputation. They always power to feeder weights in the early Springtime and feedlotter/local backgrounders who have purchased them in the past have complemented their type and doing ability. Vendor purchasers top end sires at Bongongo bull sales each year and steers are out of big, roomy females with plenty of stretch, as is reflected in these steers. Cattle come highly recommended and for any further information please call. Please note steers younger brothers in same sale.
