	Excellent	100%	Fwd Prime	100%
	Yards		Crush	Paddock
	Quiet: 30 head		Quiet: 27 head Slightly Stirry: 3 head	Quiet: 30 head
	These heifers have only ever been managed in large mobs, they were excellent to handle & assess in the vendors outstanding well designed yards. Heifers were never pressured or put on their own, but were hard to fault in any way regarding their temperament during our assessment & collection of media.			
Handled With	Bikes , On foot , Vehicles			
Notable Traits	Traits 1 Head Fresh treated pinkeye in 1 eye only 1 Head white underbelly/flank			
Assessor Comments	Elite Angus genetics, a rare and unique opportunity to access females directly from one of Australia's leading angus seedstock herds. This is the first of 4 equal middle weight APR heifer groups drafted first on bodyweight at assessment, then split up on tag number order into deck lots. These impressive phenotype Angus Performance Recorded heifers are bred directly from the Rennylea Stud herd. They present with freshness & are expressing their genetic profile of soft easy doing high growth cattle that have thrived in the kind Autumn conditions locally. These heifers are being sold commercially. EBVs summary attached in documents. IMF Av of this group +4.4 (top 14% of breed).These females present the successful buyer with an exclusive chance to elevate their herd with proven carcass & fertility genetics. These heifers have all been individually genotyped (DNA tested). 166 other heifers also for sale in 6 separate lots totaling 196 over 7 lots for sale. Tail of mob removed.
