	On assessment the heifers were very good to handle in yards, nothing was distressed, just a small percentage stirred slightly on close interaction. Once you open a gate these cattle do run, that's their natural instinct. Once released into the paddock they are very good to handle - walked up to me when taking photos.

Notable Traits	Traits 2 Head Light ring worm 2 Head Light white scar on eye, not active			
Assessor Comments	On offer are 36 Angus heifers, *EU Accredited* and 100% Rennylea blood. The 'Bunloit' cow herd is based on high growth, high fertility, high EMA & IMF; along with a focus of moderate frame as a factor within their female base. The Sire selection at Bunloit is worked through closely with the Corrigan Family at Rennylea to achieve their desired results.
