Burr/Seed in Coat

No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status

The owner declares that the cattle have not been treated with HGP at any period of their lives

Temperament

Yards

Crush

Paddock

Quiet: 6 head

Quiet: 6 head

Temperament not assessed in Paddock

Easy to handle, well mannered, bucket reared calves. Easy to push around the yards, and draft. Let out through the crush and walked back to their brothers.

Handled With

Dogs , On foot , Vehicles

Assessor Comments

Quiet, well mannered young steers. Being reared on farm, no corners have been cut and no expenses spared in giving these young baby bullocks the best start possible in life. Reared on the bucket for almost 12 weeks, then weaned on to developer pellets & hay, being growing out on heavily improved pastures. These young steers have never seen a set back and would be an ideal line to either take forward on feed, or run through on some Spring pastures, with a heap of frame to

|                                       |                                                                                                                                                                                                                                                                                                                                                                                                |
