Assessor Comments	Outstanding annual draft of Santa Gertrudis cross heifers out of big frame friesan and odd friesan cross cow. These heifers have plenty of frame and length, and would make great future breeders, with all the milk traits from the Friesian cow, and the shape, muscle, and bone from the Santa Gertrudis bull. These heifers were very easy to handle, and are ready to take on and join to the bull of your choice, or take on and finish for heavy domestic or export markets.
