Assessor Comments	64 Vendor Bred, grass fed and antibiotic free Angus heifers. They are sired by the Bowman stud bulls and have been well weaned, and up to date with animal health treatments. With quality breeding they are ideal heifers with age and frame to continue into the spring months. Dryburgh Angus have been breeding Angus cattle since 2018 and have always purchased top stud sires. Please note that 10 heifers have a minor pink eye scar that does not effect their vision and 1 heifer has a white belly, also the vendor has 2 lots being offered in the sale from the same property totaling 98 heifers.
