Temperament not assessed in
Paddock

Very quiet young steers. All bucket reared, extensively handled. Very quiet to deal with in the yards, push them around by hand. All led up the race well, easy to walk amongst in the holding paddock for photos. Quiet, well weaned steers that could be handled by a stock person of any experience.

Assessor Comments

Nice little line of young, well started steers. Ideal hobby farmer lot to keep the orchard down. All bred by the vendor, bucket reared for an extended period, weaned on to pellets early, then started on a grain ration. Steers are firing along on the Reid's grain mix, and would suit to continue on with a bit of grain, being bunker trained and on the do.
