Assessor Comments	An excellent run of vendor bred Angus Heifers that are sired by Paringa Blood Angus Bulls out of 'Karn Station' females. Heifers are displaying plenty of bone, shape and softness. Previous drops of Heifers have been noted for their performance in both grass and supplementary feeding programs, commonly reaching heavy export weights at young ages. The heifers have received all necessary health treatments and are very good to handle. Ideal heifers to grow out for joining to bull of choice or alternatively to feeder or slaughter weights.
