Assessor Comments	A top notch line of Angus heifers here ready to join up to the bulls of your choice. By high end Lawson Angus sires selected for growth, calving ease, marbling & carcass attributes. EU accredited, double Pesti & 7in1 vaccinated, these certainly tick all the boxes. Two very even lines are being offered in this sale - totaling 86 head. You could easily put both lots back together and join as one line if so desired, certainly if you were to do so you would have a hard time picking the difference by the time they have a calf at foot. The Balcomb herd is of longstanding and some renown on the tablelands, has been a prominent vendor in the Blue Ribbon Weaner sales at CTLX since inception. They have had no expense spared in the breeding and presentation and represent a great opportunity to secure a high class line of females that will go on to be fantastic matrons for years to come.
