Handled With	Steers weighed without any dramas. Very odd steer stirred up slightly in the crush but overall they have been well handled Bikes , Dogs , On foot , Vehicles	
Notable Traits	Traits 20 Head Old Ringworm Scar	
Assessor Comments	Quality line of Hazeldean Blood steers bred out of well known herd. These steers have been running on an oats crop and are on the do. These steers are known to perform at feedlots and will bounce away if given the opportunity. Approximately 20 - 25 steers have old Ringworm scarring but it is healing up and dry. Any more further info please call.
