Assessor Comments	Excellent quality line of Bundarbo station bred Angus heifers. Heifers are **tops of the drop** with no heifers being retained from this drop. Heifers are even and show excellent type. They are soft young females with good frame and conformation for their age. Bred from a well regarded herd with all progeny proven performers amongst previous purchasers. Total of 95 heifers being offered in two tight weight groups. Heifers present evenly in fresh slightly forward condition. Great opportunity to acquire heifers from a good productive herd and retain as future breeders. Note heifers are currently being confinement fed for an on farm feed efficiency testing program. Heifers current ADG 1.78kg/day. Please call for further information. Please view video to fully appreciate the quality of these females on offer.
