Assessor Comments	An excellent opportunity to purchase 95 x Sep/ Oct 2025 Drop Steers. Offered as the lead draft of Aberfeldy's steers, buyers can purchase steers of genetic merit who are trained to graze behind a wire and who have spent the last 10 weeks strip grazing winter crops. Normally grown to feedlot weights, the vendor has decided to offer the steers for sale to make room for the balance of steers and heifers. Healthy steers who present well as a group, they are in forward store condition and will continue to gain wait on quality feed as the season warms. The Aberfeldy cattle run under high stocking rates and will perform well on grazing crop through late winter and spring. Aberfeldy use high indexing Thomson and Hillview Sires. These steers are Never Ever Accredited and Grass Fed Eligible.
