Handled With	Properly weaned & educated heifers. The vendors have put time & effort into handling these yearlings and it shows when being assessed and in the videos. Exited the yards in a quiet fashion walking back to their paddock without so much as breaking into a trot. Walked through race and stood on scales with a minimum of fuss. Out of a herd that all have a quiet temperament. Pleasure to assess.

Notable Traits	Traits 5 Head Old Pinkeye Blemish - Still full sight, see last photo						
Assessor Comments	2 Decks of Vendor Bred, Preg Tested Empty Yearling Heifers that are ideal Feeder Heifers or with the Grass Fed Accreditation will make very neat kill bodies. Well grown and starting to flesh up these heifers are showing the benefits of their breeding & favourable season. Please note that the vendor will allow successful purchaser to right to leave out the 5 coloured heifers if so desired. 5 Heifers noted at assessment with old pink eye scarring, but still had full sight. Please see last photo for the worst example. Properly weaned & yard educated these Heifers were a pleasure to draft & assess. Well bred, pure Dunoon blood heifers out of a large framed cow herd that have no worries reaching heavy domestic or export kill weights. Grass fed & antibiotic free declaration available upon request.
