A nice, even line of Murray Grey cross steers presenting in forward store condition with excellent bone, shape, and depth. Recently purchased from the Western District, these steers have continued to grow out well and have responded exceptionally over the past month. Having been drenched two weeks ago and now coming out of their winter coats, they are showing the benefits of their recent management and present in excellent order. With plenty of growth ahead of them, these steers have all the qualities to develop into ideal trade cattle. Please note: Free 2 month terms.
